Good afternoon, David:

The document looks fine in general, but I had one question. The title page has an effective date of May 4, 2020. Shouldn't that be changed to today's date? (Assuming that the Order is issued today.)

Thanks,  
 David Butler

To David Popowski:

Good afternoon, David!

We at the Commission are trying to get your order issued, but we are running into a bit of a problem and we need your help.

We are in receipt of your proposed order that has the new rates included within the order, and we thank you for that.

However, what we need to do is have the order issued with an attached tariff, much like the revised amended tariff that you filed on June 25. Of course, that tariff does not have the note that states "Applies to both Off Peak and Peak Seasons" after the note about Friday-Sunday rates. I know the "off peak-on-peak" language has been problematic. So my question is this: Would it be reasonable to add the sentence above ("Applies to both Off Peak and Peak Seasons") after the note on Friday-Sunday rates, if we wanted to use that document as an attachment to the Order? We weren't sure whether there were other differences or not, although everything else looked similar. If this is agreeable with you, we can either add the language where indicated, or you can furnish another revised amended tariff with the "peak" language. Please let me know your preference. We are going to need to issue the Order with a Tariff attachment.

Thanks,

|| David Butler
